

TCM Forklift Parts

TCM Forklift Parts - In the international business of material handling, forklifts play a major part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread internationally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Now the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the business. TCM began building forklift manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial trucks, making their models recognizable all over the globe. With an energetic and strong workers, TCM has been able to constantly work towards becoming a future leading material handling business.
