

## Concrete Hopper

Concrete Hopper - This particular attachment is a self-dumping hopper that automatically starts to unload when bumper release contacts the side of a dumpster. As soon as dumping is done, the hopper returns to an upright and locked position. This piece of machinery even comes along with a cable that enables operation from the seat of the lift truck to be able to have the choice of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the tine truck. This product is made with reliable and consistent robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish to be able to maintain durability.
